

3/4" offshore tank bottom discharge -3/4" 90° extended foot valve + 3/4 ball valve +3/4 dustproof cover assembly, applied to offshore tank, installed at the bottom of the tank, easy to facilitate the sampling of goods.

Part No.: JS962001-00

Connection:

Flange drilled $6 \times \phi 14 \times \text{PCD} 114.3$

Outlet 3/4" BSP

Nominal Pressure: 6Bar

Contact Parts: 316

Fitted with FEP Silicon Encapsulated O-Ring
